E  
To be the hands  
                  F#m7                    D  
That lift up the heads of the broken

To be the voice that tells of your love for them  
E  
To be the arms  
                  F#m7                    D  
Reaching out to widows and orphans  
E                    F#m7                    D  
To be the hope to others, that You are to me  
E  
So we lift up our eyes  
                  F#m7                    D  
To see all the needy and broken  
E                    F#m7                    D  
We lift up our hands, ready to be used by You  
E                    F#m7  
We lift up our blessings from You,

To give them away and all that we do

Is to bring glory to Your Holy name **(to Chorus)**
